

J.W. Cole Advisor honored with AssetMark Community Inspiration Award

JW Cole's existence is solely dependent on our partner Advisors because your efforts reflect our own. We would like to acknowledge J.W. Cole Advisors, David Parsons for receiving the AssetMark Community Inspiration Award!

The Community Inspiration Award acknowledges Gold or Platinum financial Advisors across the United States who are doing inspiring work in support of charitable organizations in their local communities. The organizations they assist each received a \$10,000 donation from AssetMark.

Davis Parsons of [Wall Street Alliance](#) is a recipient of the Community Inspiration Award for his work with The [Tarpon Springs Sheperd Center \(The Sheperd Center\)](#).

The Sheperd Center focuses on families, the elderly, and the homeless by feeding, clothing, giving hope and empowering them to seek independence. It includes a thrift store where people are able to purchase a wide range of things from clothes to home furniture at next-to-nothing prices. The Center also comes with a grocery store where the families can come in to pick up the food they need free of charge. Meals are also brought out to shut-ins, homeless shelters and more. Mr. Parsons is involved with the Esther Project, which is a The Sheperd Center affiliated program to assist at-risk single mothers who need help getting through basic life functions such as how to open a bank account, job interviews, resumes, and more.

His \$10,000 donation from AssetMark helps fund a project to build an annex that will have showers, washing machines, dryers and more utilities the homeless can come in and use for themselves.
